In case in kumite categories of less than 6 competitors we will use round-robin system.

Number of Kata required

In principle a Competitor is to perform a different kata for each round (WKF list). However, no more than five (5) different kata are required to complete a competition. If the number of participants require a sixth round to win, a kata previously performed may be repeated (only in this sixth bout/match) as long as no kata is repeated twice in succession, one round after the other. The same principle should be applied if a seventh round is required to win.

For competition for those under 14 years (U14 = 12-13 yo) of age no more than four (4) kata is required (WKF list), and above rule of repetition will apply from the fifth round with further repetitions allowed along the same principle for subsequent rounds.

For competition for those under 12 years (U12 = 10-11 yo) of age no more than three (3) kata is required (WKF list + basic katas), and above rule of repetition will apply from the fourth round with further repetitions allowed along the same principle for subsequent rounds.

For competition for those under 10 years (U10 + U8 = 8-9 + 6-7 yo) of age no more than two (2) kata is required (WKF list + basic katas), and above rule of repetition will apply from the third round with further repetitions allowed along the same principle for subsequent rounds.

Each Competitor are free to select which kata to use for each round provided that the relevant kata is announced for each round and follow the above rules from repetition. The possibility of repeating kata is an opinion and do not prevent any Competitor to perform a new kata for each round regardless of the number of rounds required to win.
